Note: This is an updated trails map for the Antelope Valley Areawide General plan and Los Angeles County Unincorporated Areas. It has been updated at the request of the Antelope of the Santa Clarita Valley Area Plan. It has been updated at the initiative of the Los Angeles County Department of Parks and Recreation with participation of the Santa Clarita Valley Trails Advisory Committee, a group that consisted of area property owners and representatives of state and federal agencies involved in trails planning and maintenance. Though the new map has been prepared using advanced and accurate computer Geographic Information Systems (GIS) mapping techniques, the trail alignments are not intended to be precise. Rather, the trail alignments are shown as generalized as a result of the scale of the map, as these properties are developed and the trail and trail connectivity needs of these developments become clear. In addition to the Parks and Recreation Department, data for this map has been provided by the City of Los Angeles, the City of Santa Clarita, the City of Palmdale, and the City of Lancaster. Data for the Pacific Crest Trail was provided by the Pacific Crest Trail Association.

NOTES ON MAP:

Parcel boundaries are from the parcel database maintained by the Assessor of Public Works of the Assessor's Office and Department of Regional Planning, Land Development Division Maps. Parcels on the map reflect the most recent update from the Assessor's Office as of 2004.

Dashed lines represent additional parcel lineaments such as easements, combined line, lot line, subdivision boundaries, and tax set area lines.
