

# VISITING TRAILS DURING COVID-19

## BEFORE YOU GO:

### KNOW BEFORE YOU GO

Visit [trails.lacounty.gov](http://trails.lacounty.gov) or local agency websites to find information on current trail conditions and operations, trails safety and etiquette

### STAY CLOSE TO HOME

This is not the time to travel long distances to recreate if you don't have to. And, if your chosen destination is crowded, go elsewhere or come back another time

### BE PREPARED

Assume trail facilities like restrooms are closed or limited, so bring what you need with you - water, soap/hand sanitizer, and don't forget your FACE COVERING!

### FEELING SICK?

Save your outdoor adventure for another day.

## WHEN YOU GET THERE:

### PRACTICE PHYSICAL DISTANCING

Keep six feet between you and anyone who doesn't live with you, communicate with others as you pass, and AVOID CROWDED AREAS!

### WEAR A FACE COVERING & PRACTICE GOOD HYGIENE

Keep your hands clean and avoid touching any high-traffic surfaces (such as in restroom facilities). When you must be in close contact with others, wear a face covering over your nose and mouth.

### LEAVE NO TRACE

It's your responsibility to respect and protect the environment and wildlife. Always pack out what you pack in, including gloves and masks.
