SANTA MONICA MOUNTAINS
NATIONAL RECREATION AREA

County of
Los Angeles

DESCRIPTION: Arroyo Sequit features rolling grassland mixed with chaparral. There is a picnic area and a wood-frame ranch house serving as a ranger residence. The site is considered a significant example of the homesteading era. The area is excellent for viewing the night sky as it is tucked away from the lights of Los Angeles. The loop trail descends into a lower valley and follows the wash around to a slight climb out of the valley.

DIRECTIONS FROM THE COAST: Turn inland onto Mullholland Hwy. Travel 11 miles. Trail access and parking will be on the right. **DIRECTIONS FROM THE 101:** Exit at Westlake Blvd and head south to Mullholland Hwy. Go right (west) and travel 2 miles to the park entrance, which is poorly signed and easy to pass if not looking carefully. Hike in 0.2 miles to reach the loop trail.

SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
