County of Los Angeles

## QUICK GUIDE TO LATIGO CANYON TRAIL

**DESCRIPTION:** This segment of the Backbone Trail descends into densely wooded Latigo Canyon and then climbs up to Newton Motorway, where the Backbone Trail system continues into upper Solstice Canyon. Just east of the Latigo Trailhead is a steep rocky hillside with narrow trail tread; be careful and pass safely. West from the trailhead, the trail dives through upper Newton Canyon, crossing the land bridge over Kanan Dume Road, Tunnel 1, to get to the Kanan Backbone Trail Trailhead.

**DIRECTIONS:** This segment can be accessed from the trailhead on Latigo Canyon Road, approximately 7.2 miles north of the PCH. The Backbone Trail continues in both directions. There is no public access to the eastern end from public roads.

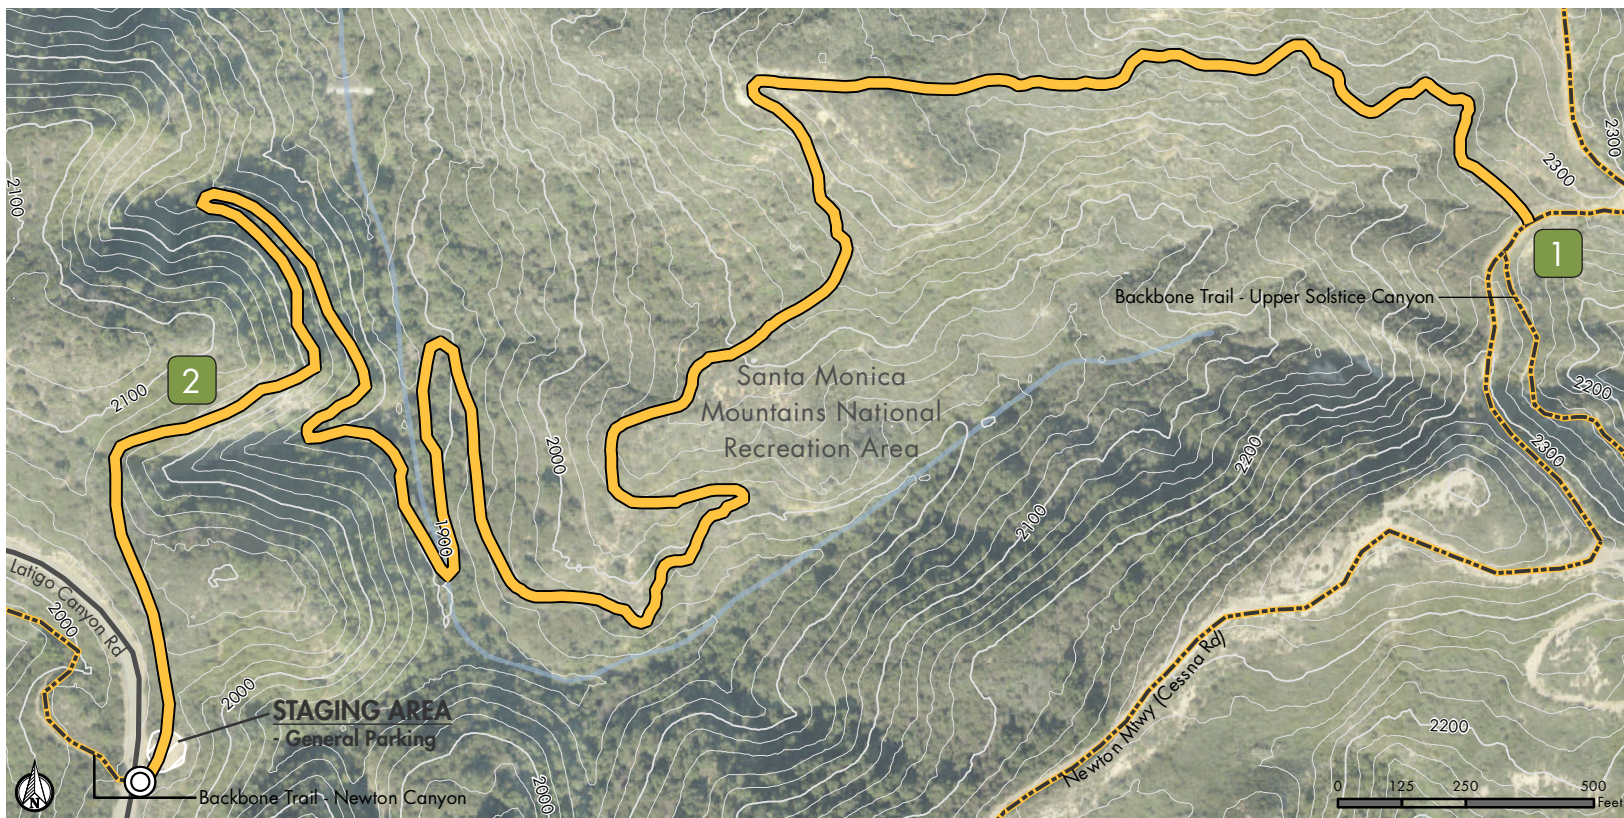

## SANTA MONICA MOUNTAINS NATIONAL RECREATION AREA

### BACKBONE TRAIL SYSTEM

Length: 1.43 miles

Elevation Gain: 400 feet

### Overview

### Access & Features

○ Trailhead

### Trail Type

— Natural Trail

# QUICKGUIDE INFORMATION

COURTESY OF THE COUNTY OF LOS ANGELES | DEPARTMENT OF PARKS AND RECREATION

## SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

## HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

## SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.

## WHAT TO BRING

- ✓ Water for you and your animal(s)
- ✓ Trail map
- ✓ High energy snacks
- ✓ Waste bags for your dog
- ✓ First aid kit
- ✓ Extra clothing
- ✓ Sunglasses/hat
- ✓ Sunscreen
- ✓ Insect repellent
- ✓ Trekking poles (optional)
- ✓ Flashlight (optional)
