# QUICK GUIDE TO BENT ARROW TRAIL

**DESCRIPTION:** From Mulholland Drive, the trail leads along the eastern face of the hillside, staying relatively flat until the end where it climbs up to meet Fire Road Thirty. Follow Fire Road Thirty to connect back to Mulholland Drive (after approximately 0.6 miles), creating a great loop trail for hikers who do not want to return on the same route.

**DIRECTIONS:** Bent Arrow Trail can be accessed from the staging area at the end of Reseda Boulevard in Marvin Braude Mulholland Gateway Park via Mulholland Drive (fire road). From the 101, exit at Reseda Boulevard in Encino and head south. Turn left to stay on Reseda Boulevard and travel 3.5 miles to the end. Parking will be on the right before the roundabout. Follow fire road past gate to trail.

## SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

## HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

## SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
