QUICK GUIDE TO BONE CANYON ROAD

DESCRIPTION: Bone Canyon Trail offers an alternative and more direct route up to Inspiration Point. Turn left at the top of the trail onto Inspiration Point Loop Trail to reach the lookout point. Bone Canyon Trail climbs continuously up from the stables, although at a lower elevation than Inspiration Point Loop Trail. Bone Canyon Trail is wide with little shade from vegetation, although the hills on either side keep the trail cool in the morning and afternoon.

DIRECTIONS: The trail can be accessed from the main entrance at Will Rogers State Historic Park. From the PCH, head inland on Chautauqua Boulevard (approximately one mile north of the Santa Monica pier). After one mile turn right onto Sunset Boulevard. Park entrance will be on left via Will Rogers State Park Road.

SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
