Los Angeles

DESCRIPTION: The Cheeseboro Canyon Trail offers a lengthy 3.5 mi. of nearly flat trail that takes you through oak savanna with impressively large old valley oaks, then coast live oak woodland, and then chaparral before ascending to Sheep Corral Trail. Enjoy connections to other trails in the Simi Hills that offer great small, medium, and large loop outings.

DIRECTIONS: From the 101, take the exit for Chesebro Road. Head north on Palo Comado Canyon Road. Turn right onto Chesebro Road at the 4-way stop sign and head north approx. 1 mi. Turn right (east) into the Cheeseboro Canyon Trailhead and entrance road. Travel to the end of the entrance road. The trail heads east from the parking lot past the restrooms.

Length: 1.33 miles
Elevation Gain: 318 feet

SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
