County of
Los Angeles

DESCRIPTION: The Las Virgenes Trail rises up above and roughly parallels Las Virgenes Road in Calabasas. The trail's gentle terrain, elevation changes, and open vistas make it ideal for casual trail users, mountain biking and equestrian use. Visitors will experience a varying landscape of coastal sage scrub, grassland, chaparral, and oak woodland. Scenic vistas at 1,100 feet toward the mountains to the south will reward your gentle climb.

DIRECTIONS: From the 101 in Calabasas, head south on Las Virgenes Rd. Limited parking is available at the northeast corner of Las Virgenes Rd and Mulholland Highway or, better and safer, at King Gillette Ranch or Malibu Creek State Park.

Length: 2.38 miles
Elevation Gain: 528 feet

SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
