QUICK GUIDE TO SANTA YNEZ CANYON TRAIL

DESCRIPTION: Santa Ynez Canyon Trail gently climbs along the creek to connect with Santa Ynez Waterfall Trail or continues northwest to the Trippet Ranch area. Live oaks and sycamores provide cover to hikers as they travel deeper into the canyon and sandstone formations and cliff gardens along the trail provide a unique hiking experience. Visit the trail in spring to see vibrant wildflowers in bloom.

DIRECTIONS: From the PCH, head north (inland) on Sunset Boulevard for about 0.5 miles. Turn left on Palisades Drive. After about 2.5 miles, turn left onto Vereda De La Montura. Safely park in permitted areas along the street. Trailhead starts on the eastern side of the intersection of Camino De Yatasto and Vereda De La Montura.

SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
