

QUICK GUIDE TO SANTA SUSANA PASS TRAIL

DESCRIPTION: Santa Susana Pass Trail is a 2.21 mile long trail that begins in a gated community. The trail is well maintained in this area, with nice landscaping on either side, but little shade. After leaving the residential area, you continue along the ridgeline where there are nice views overlooking the valley and the large estate style houses. This trail offers a variety of scenery, however there are no amenities for this trail at all so come prepared.

DIRECTIONS: From Highway 118, take the Topanga Canyon exit heading south, turn right onto Santa Susana Pass Road, then turn right onto Iverson Road and park under the freeway. The trail starts as a landscaped side of road with access through a secured pedestrian gate; go to the gatehouse for security to let you in.

SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
