

QUICK GUIDE TO WATERFALL TRAIL

DESCRIPTION: Waterfall Trail is a short trail in a shady area of Placerita Canyon Natural Area. The staging area provides many amenities and the trail provides opportunities for bird watching and spotting woodpeckers. There are creek crossings and steep steps, and the trail ends at a small waterfall. Equestrians should exercise caution using this trail due to the rocky boulder terrain.

DIRECTIONS: From Highway 14, exit at Placerita Canyon Road. Head east approximately two miles past the entrance of the Placerita Canyon Nature Center and staging area, then turn right into the small pull-out area or continue down to the Walker Ranch staging area (not always open to the public). For an alternate route, park at the Nature Center and take Canyon Trail to Waterfall Trail.

SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers**. When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users**. Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
